YOUR APPOINTMENT

PATIENT PREPARATION

Time: _____ Date: _____

Practice: _____

Preparation: _____

Ultrasound (Abdomen)

Nothing to eat, drink, smoke and no chewing gum for 6hrs before the test. Under 6yrs old, no prep required.

Ultrasound (Kidneys, Bladder & Pelvis)

Empty bladder 60 minutes before the scan, then drink 1 litre (4 glasses) of water in the following 10 minutes and hold. Do not go to the toilet - a full bladder is required for this study. Children under 6yrs old, drink 2 glasses of water 30 minutes before ultrasound and hold.

CT Scan

Please telephone for preparation instructions.

General X-Ray

No appointment is needed.

Diabetics

Please notify staff for appropriate arrangements. Monitor your diabetes carefully for 24 hours if you have received a contrast injection.
